

The Fusilier

May 2019

--From the Commander--

Gentlemen,

The campaign season is in full swing. Last weekend I joined Capt. Horsefall's Company for an invitation-only event at Mount Vernon. The New York contingent are readying for next month's event at Old Bethpage Village and Capt. Ferguson's men are gathering materials for an Orem, Utah event in early July.

Old Bethpage Village is shaping up to be a very good event. Justin Parker is working diligently with the site and the 23rd to ensure a great experience for all involved. The uniform is early war kit with two full boxes. If interested, please contact Justin for more information.

Mount Harmon, Maryland is our Colour event for the season and the goal is to properly equip and field as many troops as possible. The BB is building trenches and redoubts to use during the scenarios. There is also a forward outpost in a redoubt for those who would like sleep under the stars and conduct raids and defend the earthworks. If you are interested in attending, please let your CO know and we'll work to provide extra equipment (if necessary).

One final note on the Quartermaster Stores, I know that many have ordered items that are out of stock or on backorder (i.e. box plates). We are working on improving our internal processes and reworking the ordering process to make it faster and more efficient. Thank you for your patience.

Thank you for your support and I look forward to seeing you all on the field at some point this season.

I am with great regard,

Maj. S.P. Reilly

Mount Harmon After Action Report

Capt. Horsefall's Company participated in a BB event at Mount Vernon on May 4th. Participants included GV Eric Spaar, Sgt. Ben Beers, L/Cpl. Alex Ivanchishin, and recruits Eric Marqueling, Kevin McClain, Tim, and Jez Bricaddy.

The 23rd served in the 3rd Company under the command of Major Loane, brigaded with HM 43rd Regt. of Foot, the 1st New Jersey Volunteers, and Regiment von Hyun. The event featured two short (no more than 45 minutes apiece) scenarios, one in the morning and the other in the afternoon. The 3rd Company arrived during the morning's fight after the 1st and 2nd Companies became decisively engaged. The Fusiliers advanced in open order, delivering crisp volleys and driving the rebel center in and off the field. The afternoon battle developed in a similar manner and the 3rd Company formed the left side of the Crown line. After pouring heavy fire into the rebel right, the company fixed bayonets and drove the enemy remnants from the field. Overall the event was a great success for His Majesty's Arms and the 23rd, including those witnessing battle for a first time, played an integral role in both victories. Storms and rain arrived during Saturday night and continued into Sunday, sparing the rebels further humiliation.
